Sub: Blended MOOCs from IIT Bombay

Dear Academic Leader,

I write this note to apprise you of the blended MOOCs initiative from IIT Bombay, to be launched in the coming academic year. This effort is in line with the new emerging pedagogy combining the advantages of online and face-to-face engagement with students.

The model, developed at IIT Bombay, is a unique combination of these two modes of learning. It will permit our teachers to supplement their own face-to-face efforts in the conventional classroom, by additionally using the online teaching and assessment, done by a large team of faculty, of which they themselves will be members. This model will permit us to jointly address the problems we face in maintaining quality in our higher education system. Our own use of this model at IIT Bombay, has demonstrated that students get a far richer learning experience, with enhanced participation.

The broad contours of the model and the proposed operational guidelines are outlined in the annexure I to this note. I believe that the proposed model will add value to your efforts in providing the highest quality education to your students. If you feel likewise, please discuss the enclosed details with concerned academic faculty members.

To discuss and finalize the modus operandi for this joint blended MOOCs initiative, a meeting is proposed to be held with heads of Institutions or their empowered representatives, on Saturday, 6 June in IIT Bombay. Please ask your RC coordinator to send your response, as mentioned in the annexure II, on or before 28 May 2015.

I look forward to a positive response.

Thanks and warm regards.

Sincerely

(Deepak B. Phatak)
